

**AMENDMENTS TO THE TITLE AND SPECIFICATION**

**Amendment to the Title:**

Please amend the Title as follows:

METHOD AND APPARATUS FOR SYNCHRONISATION  
SYNCHRONIZATION

**Amendment to the Specification:**

The Substitute Specification filed with the original application papers on July 27, 2001 has been amended. Furthermore, it is understood from reading the Office Action that the Examiner did not in fact realize that a Substitute Specification was filed with the original application papers along with a Preliminary Amendment. A postcard receipt showing the filing of the Preliminary Amendment, Substitute Specification and marked-up version of the original Specification is submitted herewith at Appendix A since the amendments to the Specification are made with respect to the previously supplied Substitute Specification.

The undersigned attorney hereby states that no new matter has been added in the attached Supplemental Substitute Specification and Abstract. Accordingly, entry of the Supplemental Substitute Specification and Abstract is respectfully requested. Copies of the Supplemental Substitute Specification and a marked-up version of the Substitute Specification, filed July 27, 2001, is also attached hereto as Appendix B
